Sariel Cukalla

Junior Web Developer / QA Engineer

ABOUT ME

I am a Web Developer with a passion for creating user-friendly and visually appealing websites and applications. My love for technology and programming started early on, and I have since honed my skills through personal projects and formal education. I am always looking for new challenges and opportunities to learn and grow. Aside from programming, I love to travel and love exploring new cultures and cuisines. I am a team player and have excellent attention to details.

EDUCATION

Web Designer
ATC Professional-Institute
Oct 2021 - July 2022 - Tirana, Albania

SKILLS

- Proficient in HTML, CSS, JavaScript, and jQuery
- Familiarity with web development tools such as Visual Studio Code
- Excellent attention to detail and ability to meet deadlines
- Experience in test automation with Selenium WebDriver and Python

PERSONAL PROJECTS

- Created a film showcase website using HTML, CSS, and JavaScript, featuring movie trailers and information about the films
- Designed and developed a calculator using HTML, CSS, and JavaScript, with a responsive layout for mobile devices
- Built a blackjack game using HTML, CSS, and JavaScript, with a user-friendly interface and customisable settings
- Implemented test automation scripts for a web application using Selenium WebDriver and Java, to ensure quality and efficiency in the software development process

WORK EXPERIENCE

Computer Science Club
ATC Professional Institute
Oct 2021 - Dec 2022 - Tirana, Albania

- Attended workshops and seminars on emerging technologies and programming languages
- Contributed to the development of club projects, such as a mobile app and web pages.

Web Development Course Project
ATC Professional-Institutue

- Oct 2021 - July 2022 - Tirana, Albania
- Developed a web application using HTML, CSS, JavaScript, and jQuery
 - Designed and implemented a responsive user interface and user experience
 - Collaborated with other students to ensure timely completion and quality assurance testing

ADDITIONAL INFORMATION

- Currently attending intensive training for Selenium Test Automation in Java
